Recruitment: 75 patients recruited

Well done to the teams in:

- **Erlangen, Germany** for recruiting a patient in October.
- **Bispebjerg, Denmark** for recruiting a patient in October.
- **Lille, France** for recruiting a patient in November.

New Sites:

Welcome to the team in Bordeaux, France which opened for recruitment at the end of October.

SA, Roma, Italy are preparing for their Site Initiation Visit and will open soon.

UK Stroke Forum 28-30 November, Liverpool:

- EuroHYP-1 stand
- 29 Nov, 15:40-16:20 EuroHYP-1 investigators' meeting (Room 11)

Latest News: the EuroHYP-1 Steering Committee meeting, 7 November 2016

The Steering Committee agreed to continue recruitment until further news is received from the European Commission's EuroHYP-1 Project Officer in response to the Executive Committee's request for a no-cost extension to the Trial.

Please keep looking for potential patients

KEEP RECRUITING

Thank you for your support

Protocol v 5.0 dated 24 June 2016:

The Master Regulatory Package documents have been uploaded to the eCRF Live Portal File Store and are accessible by the National Coordinators so that they can prepare their protocol v 5 applications to the regulatory authority and ethics committee in their country.

Amended eCRF Live Portal Release:

The latest version of the eCRF Live Portal matching protocol v 5 will be rolled out to sites in Germany soon. This will be followed by the other countries when they have received their regulatory/ethics approval letter(s).
