|--|---------------------------|
| Full name: | Nenad Nikolić |
| Name of member stroke support organisation: | Stroke Association Serbia |
| Position held in member stroke support organisation: | secretary |
| Country of member stroke support organisation: | Serbia |

Please explain, in a maximum of 250 words, why you are interested in the position of Treasurer of SAFE, giving brief details about your background, reasons for standing, what skills and knowledge you can bring and your suitability for this role. In doing so, please refer to the person specification and role description.

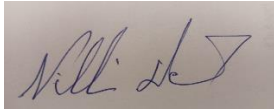

I have been actively involved with SAFE - last 10 years, and for the last 2 years I have been a BM. As a nurse I had experience in the understanding of stroke the care that is needed for stroke survivors. Being a part of SAFE made me learn so much about stroke and stroke survivors on a local and on a global level, as a BM this knowledge has only grown - I have learned a lot about SAFE's finances through our regular board meetings and annual meetings with the General Assembly. As treasurer, I will use that experience to help the team keep SAFE financially healthy and on track with our legal responsibilities.

I feel that I can as Treasurer and a Board officer respond appropriately and contribute even more to SAFE by bringing my personal specification: loud and clear reasoning, assessments, attitude and knowledge of the work undertaken by SAFE. My absolute commitment to the time required to fulfil the role is implied. I am also confident in public appearances and holding presentations regardless of smaller or large audience.

Being a Treasurer can also help me in my efforts to expand SAFE membership by bringing more members to SAFE from Balkans and Eastern Europe. Disparities in stroke care across Europe are known, and I am bringing a comprehensive understanding of necessary stroke care improvements in Eastern Europe. I will put my maximum efforts to maintain and provide a continuum of financial oversighting on behalf of the Board

I confirm that the information contained in this application is correct, and that neither me, or my organisation, have been subject to any financial/legal or other such investigations in the past 12 months.
